# Brand promise

NLT Labs ships AI products with URLs stakeholders click — not attachment-only decks. The ten-volume briefs suite and Phase 4 document-platform samples all render from ReportLab with the nlt-v3.2 brand pack. Campaign PDFs inherit the same voice gate as investor memos: FUND language, [portfolio.nltlabs.ai](https://portfolio.nltlabs.ai) proof, never ask prospects to invest from a one-pager.

## Call to action

Start at [briefs.nltlabs.ai](https://briefs.nltlabs.ai) — Vol 1 for investors, Vol 5–8 for engineering due diligence, /platform/ for operator and GTM samples. When the memo earns interest, request a FUND walkthrough and we publish the next POC to [portfolio.nltlabs.ai](https://portfolio.nltlabs.ai) from the same pipeline.
